

RBC PLACE LONDON

RBC Place London Access Update

Please be advised that starting Wednesday, July 2nd, the City of London will be closing access to Wellington Rd. between Horton and King, including under the train underpass. This closure is planned for the next two (2) months up to the Labour Day weekend.

Vehicle access to the RBC Place London main entrance or the underground parking lot will be from York St. when travelling West only while work is being completed in the intersection. Any vehicle exiting the parking garage will have to make left hand turns ONLY, no exceptions.

Deliveries to the RBC Place London loading dock will still be possible. Trucks will have to approach from the North, travelling South on Wellington Rd. to gain access. When exiting the loading dock drivers will have to make right hand turns ONLY, no exceptions.

If you require any assistance accessing the RBC Place London loading dock, please call the RBC Place London Facilities team at 519-859-6393.

We appreciate your cooperation and patience during this temporary adjustment to accessing RBC Place London.
